

PATIENT CARE CENTER

Looking for Breast Health Resources?

Komen's Patient Care Center supports you – wherever you are on your breast health journey. From breast health information to connection to local resources to patient navigation, it all starts with our Breast Care Helpline.

Through our **BREAST CARE HELPLINE**, we provide:

- Answers to questions about your breast cancer risk
- Info about breast cancer screening, treatment options, clinical trials, and genetic counseling and testing
- Access to no-cost screening mammograms and diagnostic services
- Financial assistance if you're an income-eligible breast cancer patient in treatment
- Connection to a culturally responsive patient navigator

You can count on the Patient Care Center to be your go-to source for timely breast health information, services and resources.

Access program benefits through our Breast Care Helpline:
