Looking for Breast Health Resources?

Komen’s Patient Care Center supports you – wherever you are on your breast health journey. From breast health information to connection to local resources to patient navigation, it all starts with our Breast Care Helpline.

Through our BREAST CARE HELPLINE, we provide:

• Answers to questions about your breast cancer risk
• Info about breast cancer screening, treatment options, clinical trials, and genetic counseling and testing
• Access to no-cost screening mammograms and diagnostic services
• Financial assistance if you’re an income-eligible breast cancer patient in treatment
• Connection to a culturally responsive patient navigator

You can count on the Patient Care Center to be your go-to source for timely breast health information, services and resources.
