**SUSAN G. KOMEN® ANNOUNCES GLOBAL PAYMENTS AS LOCAL PRESENTING SPONSOR OF MORE THAN PINK WALK® GEORGIA**

*Two-Time Local Presenting Sponsor to Provide Funding To Support Nonprofit's Advocacy and Research Investments*

Susan G. Komen, the world's leading breast cancer organization, today announced Global Payments will serve as the local presenting sponsor of the MORE THAN PINK Walk® Georgia to support Komen's advocacy and research investments. Global Payments has been a supporter of Susan G. Komen and the MORE THAN PINK Walk Georgia for more than seven years.

The signature fundraising event will be held in-person once again at Lenox Square on Saturday, October 9, after being held virtually last year due to the COVID-19 pandemic. There will continue to be a virtual option to participate in the program and connect with the community from your own home or neighborhood for those who prefer that option.

"We are delighted to continue our support for Susan G. Komen and their efforts to realize a world without breast cancer," said Jeff Sloan, Chief Executive Officer, Global Payments. "Everyone knows someone who has been impacted by this horrible disease and we are honored to stand alongside Komen in the fight against breast cancer through advanced research, new treatments and early detection."

"Global Payments has remained a pillar of our breast cancer community, and to have their support year-after-year demonstrates their passion to help Susan G. Komen support and treat all lives in which this terrible disease impacts," said Ciarra McEachin, State Executive Director, Susan G. Komen. "Their investment to date has made and will continue to make a significant impact in the fight against breast cancer."

In 2020, Global Payments had the largest team with nearly 500 members participating in the virtual MORE THAN PINK WALK™ and raised nearly \$50,000, the most by any participating team.

"Now, more than ever, women and men facing breast cancer need Susan G. Komen's help, whether it's through their helpline, treatment assistance program, patient navigation services or groundbreaking research," said Stacy Hughes, Chief Information Security Officer, Global Payments and Breast Cancer Survivor. "To work for an organization that walks hand-in-hand with those in treatment, remission and with those remembering their loved ones is an honor."
