Her Love

She married her best friend Court more than 9 years ago at the San Ysidro Ranch in Montecito, CA. They first met in Dallas, when she was in college. Court went to Vanderbilt University and Southern Methodist University Business School, where they met out on the town! He is a tech nerd and venture capitalist!

Her Heart

Cruise and Hilton are her amazing children, who keep her on my feet! They each have a super power and are fully Bilingual in English + Spanish. They started learning Spanish when they were babies and continue to learn everyday (They only watch Spanish movies and tv in their house!) Hilton loves to act, dance, and sing! Cruise loves to draw, do karate, & chase his sister around!

Her Business

Sparkle Dog Food, the grain-free (soy, wheat and gluten free) dog food is made right here in Texas with fresh meat and the best ingredients. A portion of the proceeds go to Susan G. Komen. Dog food today is not really targeted toward the women who are actually buying the food, and her packaging is super girly (the food contains pink heart shaped kibbles)! Her dream goal would to ensure that all Dogs Sparkle on the Inside and on the Outside!
